**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

In the spirit of capitalism and a competitive market place we need to allow small business owners and startups as well as consumers like myself more options for fast fiber internet.

Large companies want us to buy a bundled service we arent interested in just to get the fast fiber connection we want. I left Comcast after 15 Years of pricing games and bad service.

In my experience large companies are less motivated to give better service because they are more concerned with acquiring new users and less concerned with the users they have already.
